TONIGHT—PICTURES

"JEWEL" is Ella Hall and Ella Hall is "Jewel." Never was a dainty little actress better cast than is Ella Hall in the film version of Clara Louise Burnham's delightful novel, "Jewel." "Jewel" was produced the Smalleys and Lois Weber's feminine touch can be seen throughout the fragile photo-dramatic gem. Her production has been described as "The Cameo of the films, the daintiest, sweetest, tensest ever written." Did you ever see a play so satisfying that you wanted to get away by yourself and think about it—see "Jewel."

"A CHILD OF THE SURF" Charming "Teddy" Sampson in this attractive two reel production. Unusually well chosen and beautiful surf scenes are shown. A picture that cannot fail to interest.

"UNCLE HECK, BY HECK" John Seppala, has an interesting role in this amusing comedy.

Coming Monday, Mary Pickford in "The Dawn of Tomorrow." Our house is air cooled. Ladies, while out shopping stop in and rest and see a good show. We have four shows a day.

Matinee 2 to 5 p. m.
Night show on 7:20 to 11.

Will start the feature picture "Jewel" at 8 p. m. sharp.

Worth Their Weight in Gold.
"I have used Chamberlain's Tablets and found them to be just as represented, a quick relief for headaches, dizzy spells and other symptoms denoting a torpid liver and a disordered condition of the digestive organs. They are worth their weight in gold," writes Miss Calara A. Driggs, Elba, N. Y. Obtainable everywhere.—Adv. d&w

To Clean an Iron Bed.
A tablespoonful of turpentine in a cup of milk makes the best mixture for cleaning an iron bed. Apply with a piece of cheesecloth and polish with flannel.

BILIOUSNESS AND CONSTIPATION
It is certainly surprising that any woman will endure the miserable feelings caused by biliousness and constipation, when relief is so easily had and at so little expense. Mrs. Chas. Peck, Gates, N. Y., writes: "About a year ago I used two bottles of Chamberlain's Tablets and they cured me of biliousness and constipation." Obtainable everywhere.—Adv. d&w

A WONDERFUL ANTISEPTIC.

Germ and infection aggravate ailments and retard healing. Stop that infection at once. Kill the germs and get rid of the poisons. For this purpose a single application of Sloan's Liniment not only kills the pain but destroys the germs. This neutralizes infection and gives nature assistance by overcoming congestion and gives a chance for the free and normal flow of the blood. Sloan's Liniment is an emergency doctor and should be kept constantly on hand. 25c, 50c. The \$1.00 size contains six times as much as the 25c.—Adv. d&w

Life-Saving Rifle.

A rifle that shoots over the parapet while the user sits in comparative safety in the trench without necessity for exposing himself to the fire of the enemy is a late invention brought out by a well-known sportsman and big game hunter of England. The feature of this invention is that the rifle is held vertically while the projectile is fired horizontally. This is accomplished by a curved deflecting tube fixed to the muzzle of the gun, that changes the course of the projectile from the vertical to the horizontal as it leaves the gun.

In spite of the enormous friction that must accompany this change of direction the tube, as shown by actual tests, is not subject to excessive wear while the effective range of a rifle equipped with this device is between 100 and 150 yards. The rifle is aimed by means of a periscope consisting of two mirrors, one fixed to the upper end and the other to the lower end of a tube that is mounted on the rifle barrel.

War's Alarums.

The grand duke paced restlessly up and down the hall of his palace. "The Germans must not get to Riga!" he cried over and over again. "The Germans must not get to Riga! They must not. In no circumstances must they. It would be my ruin. I'd never be able to survive it!" "But why not?" murmured a discreet secretary, seeking to calm the great man's agitation. "Why so? Here we are safe in Petrograd, quite out of range of the biggest German guns." "Suppose we are," retorted the grand duke peevishly. "Suppose we are. What's the use? Two ancient aunts of mine live in Riga. And if the Germans get Riga, those two old persons will surely come and camp on me here."

Tommie's Idea.

"Among the prizes awarded at Yarmouth elementary school, England," said the mother. "was one for the boy who had the cleanest shoes and hands and the tidest hair during the year." "Shucks!" exclaimed Tommie; "he wasn't no boy, he was a mollycod-dle!"
